After their first semester, students with a strong academic profile who wish to take an overload may petition for zero-credit registration in a single ensemble. If granted, students should be aware that the semester’s zero-credit ensemble work will not count toward the total of 80 hours in music required for the degree program. It will, however, fulfill a required ensemble enrollment. Zero credit for required ensembles is reserved for students with second majors/minors or a pre-professional program. Required ensembles taken for zero credit must be replaced by other music electives in order to receive the minimum of 80 credit hours in music.
