Dear Precollege & Adult Students and Parents,

Blair is pleased to offer you an online registration and payment portal. You will be able to select all of your classes and lessons, and pay tuition with a credit card through this portal.

There are three steps for your initial account setup. First, create a student account and profile. Second, complete your New Student Application. Once your application has been approved by the Blair registrar, move to the third and final step: complete your registrations. In future terms, you will only need to log in and complete registration.

We hope that the new system improves and streamlines your registration experience. If you have any questions or concerns, please do not hesitate to contact Rachel Hobbs (rachel.hobbs@vanderbilt.edu) or Pam Schneller (pam.schneller@vanderbilt.edu).

Warm regards,

The Blair School of Music

Create a Student Profile/Account

There are two main ways to create a student account.

- If you choose to start an application/registration form without having created a student account, you will be taken through the steps to create an account before the application completion.

- You can also create a student account by clicking Login then Student Login from any page of the public view.

NOTE: If you already used your email address to create an account for another student, you will receive the Warning message shown below. Follow the instructions in the last sentence of this warning. If you are a parent or guardian and wish to create a youth participant profile using this email address, click Continue or Start Application under "I am a new user."
1. Upon clicking **Apply Now** or **Student Login**, you are taken to the “Log In or Create an Account” page. Under “I am a new user,” enter your (parent/guardian) email address, select the **appropriate student age**, enter student’s birthdate and click **Continue** or **Start Application**.

2. **Complete the Student Profile.** Create a user name and password for your student’s account and put the **student’s information** in the section labeled “Personal Information.” Parent/Guardian data should go in the section labeled Parent/Guardian Information. **NOTE: Please be sure to create the account in the name of the student participating in classes/lessons. The account name will show up on the course roster.**

3. This user name and password will be used to log in to the student profile. Items with a red asterisk are required. When complete, click **Continue Checkout**.
